

Every day children come to school hungry. Every day children come to school without lunch money. And every day there are children that go home from school hungry and have no food in the cupboards. This may sound like one of the commercials you see on TV about children in Haiti but this is happening right here in Beech Grove, Indiana.

"I believe that if you want to change the world, you start by changing what's outside your window."

Beech Grove City Schools currently has 3160 students enrolled

68% of them are on Free or Reduced meals

42% of our students are carrying a negative balance on their lunch accounts

I would like to become a Hornet Lunch Angel
