Teacher Handbook and/or Board Policy

Calendar, School Year

A school year calendar will be developed and adopted by the Board each year which specifies when each of the contract days are scheduled and when each of the student instructional days are scheduled. The calendar will be discussed with the Association through the Discussion process before the Superintendent recommends the calendar to the Board of Education.

Co-Curricular and Athletic Positions

The Board may create co-curricular or athletic positions after discussion with the Association. Compensation for any new co-curricular or athletic position must be negotiated with the Association.

Contract Day

A contract day shall consist of the hours after discussion with the Association. The workdays can be altered by the Superintendent after presenting the change through the Discussions process. Currently (7) hours and thirty-five (35) minutes.

Contract Day, Rescheduled

In the event a scheduled contract day is canceled and the adopted school year calendar does not specify when the day will be rescheduled, the Superintendent will meet with the Association to discuss the rescheduled date before a final decision is made.

Contract Year

The contract for the school year will consist of *one hundred eighty-four (184) contract days* Teacher workdays can be altered by the Superintendent after presenting the change through the Discussions process.

College Tuition Reimbursement

Beech Grove City Schools will reimburse and compensate staff members for college courses if the district requests they enroll to complete a licensing requirement of “Specialized Training” beneficial to the students of Beech Grove City Schools. In addition, staff members can be compensated for professional training sessions for up to six (6) hours per day if asked to participate outside of the normal contract day. The following specifics will be part of the Teacher Training Reimbursement process:

- A staff member can be reimbursed for the cost of taking a “specialized training session” or college courses if approved in advance by the Superintendent. Appropriate taxes will be

deducted from this reimbursement and distributions will be required to follow payroll procedures. Staff will be reimbursed up to \$335 per credit hour for completion of course work specific to the licensing requirement or “Specialized Training”.

- Staff members will complete the district claim form after completion of any course or “Specialized Training” session showing documentation for the expenditure for tuition or enrollment. Materials, books, refreshments, food, lodging, parking and travel are not applicable and not allowed for reimbursement. The staff member will only be reimbursed if he/she receives a passing grade in the course. The teacher must agree to teach in the school district for five years or he/she will be required to repay the reimbursement monies received under this provision. The teacher will be required to sign an agreement for potential repayment.

Direct Electronic Deposit

Effective the 2017-2018 school year, all staff members will have their pay electronically deposited into any qualified financial institution. Teachers may choose up to three (3) different accounts. Employees may choose a cash card option if a bank is not established.

FMLA Policy

Any paid or unpaid FMLA leave that is taken will be counted towards the 12 or 26 weeks available under the FMLA.

FAMILY & MEDICAL LEAVES OF ABSENCE ("FMLA")

In accordance with Federal law, the School Board shall provide up to twelve (12) weeks of unpaid FMLA leave in any twelve (12) month period to eligible professional staff members for the following reasons:

- A-1. the birth of a child and/or the care of a newborn child within one (1) year of the child's birth;
- B-1. the placement of a child with the staff member by way of adoption or foster care and/or to care for the child within one (1) year of the child's arrival;
- C-1. the staff member is needed to care for a spouse, son, daughter, or parent if such individual has a serious health condition; or
- D-1. the staff member's own serious health condition prevents him/her from performing the functions of his/her position.

Leave Entitlement

Service member FMLA provides eligible employees unpaid leave for one, or for a combination, of the following reasons:

- A-2. A "qualifying exigency" arising out of a covered family member's (spouse, son, daughter, or parent) covered active duty or call to covered active duty in the United States Armed Forces including the National Guard and Reserves. Qualifying exigencies, as defined by Federal regulations, include: 1) short-notice deployment; 2) military events and related activities; 3) childcare and school activities; 4) financial and legal arrangements; 5) counseling; 6) rest and recuperation; 7) post-deployment activities; and 8) additional activities not encompassed in the other categories, but agreed to by the employer and employee. Covered active duty means deployment with the Armed Forces to a foreign country.

- B-2. To care for a covered family member, including next of kin as provided in the statute, who has incurred an injury or illness or aggravation of a pre-existing illness or injury while in the line of duty while on covered active duty in the United States Armed Forces, including the National Guard and Reserves, provided that such injury or illness may render the family member medically unfit to perform duties of the member's office, grade, rank, or rating. Covered active duty means deployment with the Armed Forces to a foreign country. This leave is also available to care for veterans of the United States Armed Forces, including the National Guard and Reserves, provided the veteran was a service member at any time within the five (5) years prior to the start of the treatment, recuperation or therapy.

Duration of Service Member FMLA

- A. When leave is due to a "qualifying exigency": An eligible employee may take up to twelve (12) work weeks of leave during any twelve (12) month period. Such leave shall be counted with regular FMLA leave time in calculating the twelve (12) weeks of allowable leave.
- B. When leave is to care for an injured or ill service member: An eligible employee may take up to twenty-six (26) work weeks of leave during a single twelve (12) month period to care for the service member who is undergoing medical treatment, recuperation, or therapy, is otherwise in outpatient status, or is otherwise on the temporary disability retired list, for a serious injury or illness. This is a one time benefit per service member per single 12-month period. Leave to care for an injured or ill service member, when combined with other FMLA-qualifying leave, may not exceed twenty-six (26) weeks in a single twelve (12) month period.
- C. Service Member FMLA runs concurrent with other leave entitlements provided under Federal, State, and local law.

General Provisions

Professional staff members are "eligible" if they have worked for the Board for at least twelve (12) months, and for at least 1,250 hours over the twelve (12) months prior to the leave request. All full-time professional staff members are presumed to meet the 1,250 hour requirement if they were employed by the Corporation in this capacity for the preceding twelve (12) months. Months and hours that reservists or National Guard members would have worked if they had not been called up for military service count towards the staff member's eligibility for FMLA leave/Service Member Family Leave. Employment service time may be aggregated when the break in employment service is less than seven (7) years, is for fulfillment of military obligations, or if the employee is subject to recall under a written agreement.

Twelve (12) month period is defined as the twelve (12) month period measured forward from the date the staff member's first FMLA leave begins (i.e. the "leave year" is specific to each individual staff member).

For Service Member Family Leave, the use of the twenty-six (26) weeks will be measured forward from the first date on which the employee takes leave.

Serious health condition is defined as an illness, injury, impairment, or physical or mental condition that involves:

- A. Inpatient care, including any period of incapacity or any subsequent treatment in connection with such inpatient care; or
- B. continuing treatment by a healthcare provider, including:
 - 1. a period of incapacity of more than three (3) consecutive calendar days and any subsequent treatment or period of incapacity relating to the same condition that also involves either in-person treatment two (2) or more times by a healthcare provider within thirty (30) days of the first date of incapacity, absent extenuating circumstances beyond the employee's control, or in-person treatment by a healthcare provider on at least one (1) occasion which results in a regimen of continuing treatment under the supervision of a healthcare provider;

The first visit to the healthcare provider must occur within seven (7) days of the first date of incapacity.
 - 2. any incapacity due to pregnancy or for prenatal care;
 - 3. any period of incapacity or treatment for such incapacity due to a chronic serious health condition;
 - 4. a period of incapacity which is permanent or long-term due to a condition for which treatment may not be effective;
 - 5. any period of absence to receive multiple treatments by a healthcare provider either for restorative surgery after an accident or other injury or for a condition that would likely result in a period of incapacity of more than three (3) consecutive days in the absence of medical intervention or treatment, such as cancer (chemotherapy, radiation, etc.), severe arthritis (physical therapy), or kidney disease (dialysis).
- C. conditions for which cosmetic treatment are administered are not "serious health conditions" unless inpatient hospital care is required or complications develop. Ordinarily, unless complications arise, the common cold, the flu, ear aches, upset stomachs, minor ulcers, headaches other than migraines, routine dental or orthodontia problems, periodontal disease, etc., are conditions that do not meet this definition and do not qualify for FMLA leave.

Intermittent and Reduced Schedule Leave

The Superintendent may allow a staff member to take FMLA leave intermittently or on a reduced schedule for the birth, adoption, or foster care placement of a child (see A-1 or B-1). A staff member may take FMLA leave on an intermittent or reduced-leave schedule when medically necessary for his/her own serious health condition or to care for a spouse, parents, or dependent child with a serious health condition (see C-1 and D-1). Service Member Family Leave may also be taken on an intermittent or reduced-leave schedule when medically necessary.

The taking of such leave results in the total reduction of the twelve (12) or twenty-six (26) weeks only by the amount of leave actually taken.

If the intermittent or reduced-leave schedule is foreseeable based on planned medical treatment or the staff member is taking Service Member Family Leave, the Superintendent may require the staff member to transfer temporarily to an available alternative position which better accommodates recurring periods of leave. The alternative position shall have equivalent pay and benefits but not necessarily equivalent duties. Instructional staff members (i.e. individuals whose principal function is to teach and instruct students in a class, a small group, or an individual setting) who request intermittent leave or a reduced-leave schedule because of reasons (C-1) or (D-1) above or pursuant to Service Member Family Leave and the leave would exceed twenty percent (20%) of the total number of working days over the period of anticipated leave must elect either to:

- A. take leave for a period or periods of a particular duration, not greater than the duration of the planned treatment; or
- B. transfer temporarily to an available alternative position offered by the Superintendent for which the instructional staff member is qualified, and that has equivalent pay and benefits and that better accommodates the recurring periods of leave than the staff member's regular position.

Staff Member Notice Requirement

Whenever the leave is foreseeable, the staff member shall provide the Superintendent with thirty (30) days' notice. If there is insufficient time to provide such notice because of unforeseeable events, the staff member shall provide such notice as soon as possible and practical, generally not later than the next business day after the employee realizes the need for leave. Failure to follow the leave notice requirements may result in delay of obtaining the leave. Employees will still be required to comply with the absence reporting procedures at their buildings.

When planning medical treatment or taking leave pursuant to Service Member Family Leave, the staff member must consult with the Superintendent and make a reasonable effort to schedule the

leave so as not to unduly disrupt the regular operation of the Corporation, subject to the approval of the healthcare provider.

Substitution of Paid Leave

The Board shall require the staff member to substitute (i.e. run concurrently) any of his/her earned or accrued paid leave (e.g. sick leave, personal leave, vacation leave, family leave) (per the applicable collective bargaining agreement) for unpaid FMLA leave (see A-1, B-1, and A-2).

The Board shall require the staff member to substitute any of his/her earned or accrued paid vacation, personal leave, family leave (if applicable) or sick leave (per the applicable collective bargaining agreement) for unpaid FMLA leave provided for either reason (C-1) or (D-1).

The Board shall require the staff member to substitute any of his/her earned or accrued paid vacation, personal leave, family leave or sick leave (per the applicable collective bargaining agreement) for unpaid Service Member Family Leave.

If the staff member has not earned or accrued adequate paid leave to encompass the entire twelve (12) week period of FMLA leave or twenty-six (26) week period of Service Member Family Leave, the additional weeks of leave to obtain the twelve (12) weeks of FMLA leave or twenty-six (26) weeks of Service Member Family Leave, the staff member is entitled to shall be unpaid. Whenever a staff member uses paid leave in substitution for unpaid FMLA leave/Service Member Family Leave, such leave counts toward the twelve (12) week/twenty-six (26) week maximum leave allowance provided by this policy.

Corporation Notice Requirement

The Superintendent will notify the staff member when the Corporation intends to designate leave as FMLA-qualifying. Such notice may be given orally or in writing and should be given within five (5) business days of the request. When verbal notice is given, it will be followed by written notice within five (5) business days. In the case of intermittent or reduced schedule leave, only one (1) such notice is required unless the circumstances regarding the leave have changed. If the Superintendent does not have sufficient information about the reason for the staff member's use of paid leave, the Superintendent may inquire further to ascertain whether the paid leave is FMLA-qualifying. Once the Superintendent learns that a paid leave is for an FMLA leave-qualifying reason, the Superintendent will notify the staff member within five (5) business days that the paid leave will count toward the staff member's twelve (12) week FMLA-leave entitlement. The notification will indicate whether the employee is required to provide a fitness-for-duty certification to return to work.

Limits

In cases in which the Board employs both spouses, the total amount of FMLA leave is twelve (12) weeks for the couple, except when the leave is due to the serious health condition of either spouse or a child. Additionally, the aggregate number of work weeks of leave to which both the husband and wife may be entitled pursuant to this policy is limited to twenty-six (26) work weeks during the single twelve (12) month period provided for in the Service Member Family Leave provision if the leave is taken pursuant to Service Member Family Leave or a combination of general FMLA leave and Service Member Family Leave.

Certification

When FMLA leave is taken for the staff member's own serious health condition or to care for a spouse, parents, or dependent child with a serious health condition (see C-1 and D-1, or Service Member Family Leave is taken, the staff member must provide medical certification from the healthcare provider of the eligible staff member, his/her immediate family member, or the next of kin of the individual.

The staff member may either:

- A. submit the medical certification to the Superintendent; or
- B. direct the healthcare provider to transfer the medical certification directly to the Superintendent, which will generally require the staff member to furnish the healthcare provider with a HIPAA-compliant authorization.

Staff members are not eligible for leave pursuant to this policy if they work elsewhere during leave pursuant to this policy.

In the event the staff member fails to provide medical certification, any leave taken by the employee is not FMLA leave/Service Member Family Leave.

When the need for FMLA leave is foreseeable and at least thirty (30) days' notice has been provided, the staff member must provide the medical certification before the leave begins. When this is not possible, the employee must provide the requested certification to the Superintendent within fifteen (15) calendar days after the staff member requests FMLA leave unless it is not practicable under the circumstances to do so despite the staff member's diligent and good faith efforts.

Any dispute over eligibility for FMLA leave shall be discussed between the employee and Superintendent. The Corporation shall be responsible for maintaining a record of those communications.

If the Corporation has reason to doubt the validity of the employee's medical certification, then the Board reserves the right to obtain, at its expense, the opinion of a second healthcare provider and, in the event of conflict, the opinion of a third healthcare provider whose decision shall be binding and final. The staff member may either:

- A. submit the opinion of the second healthcare provider, and the opinion of the third healthcare provider if applicable, to the Superintendent; or
- B. direct the second or third healthcare provider to transfer his/her opinion directly to the Superintendent, which will generally require the staff member to furnish the healthcare provider with a HIPAA-compliant authorization.

In the event that the staff member fails to provide the medical opinion of the second or third healthcare provider, if applicable, any leave taken by the staff member is not FMLA leave.

A staff member who takes leave for reason (D-1) on page one, prior to returning to work, must provide the Superintendent with a statement from his/her healthcare provider that s/he is able to resume work.

A staff member seeking to take leave pursuant to reason (A-2 or B-2) above must submit, in a timely manner to the Superintendent, an appropriate certification as described by Federal regulations.

Return from Leave

Upon return from any FMLA leave, the Board will restore the staff member to his/her former position or to a position with equivalent employment benefits, pay and conditions of employment. During FMLA leave, the Board shall maintain the staff member's current coverage under the Board's group health insurance program on the same conditions as coverage would have been provided if the staff member had been continuously working during the leave period. If the staff member was paying all or part of the premium payments prior to going on FMLA leave, the staff member must continue to pay his/her share during the leave.

Any leave or return from leave during the last five (5) weeks of an academic term shall be reviewed individually by the Superintendent to minimize disruption to the students' program. (See Special FMLA Rules for Instructional Employees below.)

An employee's entitlement to benefits other than group health benefits during a period of FMLA leave (e.g., sick leave, vacation and other benefits) will be determined by the Corporation's established policies and any applicable provisions in the collective bargaining agreement for

providing such benefits when the employee is on other forms of leave (paid or unpaid, as appropriate).

The use of FMLA leave will not result in the loss of any employment benefit that accrued prior to the start of the staff member's leave.

If the staff member fails to return to work at the end of the leave for reasons other than the continuation, recurrence, or onset of a serious health condition that entitles the staff member to leave pursuant to reasons (C-1) or (D-1) above or Service Member Family Leave, or for circumstances beyond the control of the staff member, the staff member shall reimburse the Board for the health insurance premiums paid by the Board during the unpaid FMLA leave period.

A staff member who fraudulently obtains FMLA leave is not protected by this policy's job restoration or maintenance of health benefits provisions.

The Superintendent shall prepare any guidelines that are appropriate for this policy and ensure that the policy is posted properly.

In any areas where discretion is allowed in the implementation of this policy or its guidelines for implementation, such discretion shall be exercised in a non-discriminatory manner. Similarly situated persons shall be treated similarly.

The Superintendent shall provide a copy of the policy to all staff members, and retain a record of how and when the policy was distributed. A notice of Rights and Obligations shall also be provided each time an employee requests FMLA leave or the Corporation has sufficient information to believe that the employee may qualify for FMLA leave.

The approval, denial and administration of leave under this policy will be governed by the Family Medical Leave Act of 1993, as amended, and its published regulations, as applied and interpreted by the Superintendent.

Special FMLA Rules for Instructional Employees

Certain special rules apply to instructional employees of public schools who take FMLA leave. The special rules affect the taking of intermittent leave or leave on a reduced leave schedule, or leave near the end of an academic term (semester), by instructional employees. *Instructional employees* are those whose principal function is to teach and instruct students in a class, a small group, or an individual setting. This term includes teachers, athletic coaches and driving instructors. It does not include, and the special rules do not apply to auxiliary personnel such as counselors, psychologists, or curriculum specialists.

Special Rules for Instructional Employees Taking Intermittent Leave and Leave On a Reduced Leave Schedule

Leave taken for a period that ends with the school year and begins the next semester is leave taken consecutively rather than intermittently. The period during the summer vacation when the employee would not have been required to report for duty is not counted against the employee's FMLA leave entitlement. An instructional employee who is on FMLA leave at the end of the school year must be provided with any benefits over the summer vacation that employees would normally receive if they had been working at the end of the school year.

If an eligible instructional employee needs intermittent leave or leave on a reduced leave schedule to care for a family member with a serious health condition, to care for a covered service member, or for the employee's own serious health condition, which is foreseeable based on planned medical treatment, and the employee would be on leave for more than 20 percent of the total number of working days over the period the leave would extend, the Corporation may require the employee to choose either to:

(1) Take leave for a period or periods of a particular duration, not greater than the duration of the planned treatment; or

(2) Transfer temporarily to an available alternative position for which the employee is qualified, which has equivalent pay and benefits and which better accommodates recurring periods of leave than does the employee's regular position.

These rules apply only to a leave involving more than 20 percent of the working days during the period over which the leave extends. For example, if an instructional employee who normally works five days each week needs to take two days of FMLA leave per week over a period of several weeks, the special rules would apply. Employees taking leave which constitutes 20 percent or less of the working days during the leave period would not be subject to transfer to an alternative position. *Periods of a particular duration* means a block, or blocks, of time beginning no earlier than the first day for which leave is needed and ending no later than the last day on which leave is needed, and may include one uninterrupted period of leave.

If an instructional employee does not give required notice of foreseeable FMLA leave to be taken intermittently or on a reduced leave schedule, the Corporation may require the employee to take leave of a particular duration, or to transfer temporarily to an alternative position. Alternatively, the Corporation may require the employee to delay the taking of leave until the notice provision is met.

Special Rules for Instructional Employees Taking Leave Near the End of an Academic Term (Semester)

There are also different rules for instructional employees who begin leave more than five weeks before the end of a term, less than five weeks before the end of a term, and less than three weeks before the end of a term. Regular rules apply except in circumstances when:

(1) An instructional employee begins leave more than five weeks before the end of a term. The Corporation may require the employee to continue taking leave until the end of the term if —

(i) The leave will last at least three weeks, and

(ii) The employee would return to work during the three-week period before the end of the term.

(2) The employee begins leave during the five-week period before the end of a term because of the birth of a son or daughter; the placement of a son or daughter for adoption or foster care; to care for a spouse, son, daughter, or parent with a serious health condition; or to care for a covered service member. The Corporation may require the employee to continue taking leave until the end of the term if—

(i) The leave will last more than two weeks, and

(ii) The employee would return to work during the two-week period before the end of the term.

(3) The employee begins leave during the three-week period before the end of a term because of the birth of a son or daughter; the placement of a son or daughter for adoption or foster care; to care for a spouse, son, daughter, or parent with a serious health condition; or to care for a covered service member. The employer may require the employee to continue taking leave until the end of the term if the leave will last more than five working days.

For purposes of these provisions, *academic term* means the school semester, which typically ends near the end of the calendar year and the end of spring each school year. In no case may a school have more than two academic terms or semesters each year for purposes of FMLA. An example of leave falling within these provisions would be where an employee plans two weeks of leave to care for a family member which will begin three weeks before the end of the term. In that situation, the employer could require the employee to stay out on leave until the end of the term.

Special Rules for Instructional Employees Relating to Duration of FMLA Leave

(a) If an employee chooses to take leave for periods of a particular duration in the case of intermittent or reduced schedule leave, the entire period of leave taken will count as FMLA leave.

(b) In the case of an employee who is required to take leave until the end of an academic term, only the period of leave until the employee is ready and able to return to work shall be charged against the employee's FMLA leave entitlement. The Corporation has the option not to require the employee to stay on leave until the end of the school term. Therefore, any additional leave required by the Corporation to the end of the school term is not counted as FMLA leave; however, the Corporation is required to maintain the employee's group health insurance and restore the employee to the same or equivalent job including other benefits at the conclusion of the leave.

The Board shall eliminate certificated positions and reduce the number of certificated staff when the Board finds that curricular changes, changes in enrollment, return to duty from leave of a certificated staff, closing of schools, territorial changes, or other good cause warrants.

As required by I.C. 20-28-7.5-1(d), once the positions to be eliminated are identified by the Board, the certificated staff members to be dismissed shall be identified on the basis of licensure and merit and not years of service or seniority.

Where two certificated staff members are in the same performance category, one or more of the following factors may be considered to identify the staff member to be terminated:

- A. The academic needs of students in the school corporation.
- B. The assignment of instructional leadership roles, including the responsibility for conducting evaluations under I.C. 20-28-11.5.
- C. The results of an evaluation conducted under I.C. 20-28-11.5.
- D. The attainment of either additional content area degrees beyond the requirements for employment; or additional content area degrees and credit hours beyond the requirements for employment, if required under an agreement bargained under I.C. 20-29.
- E. The number of years of a teacher's experience.

Certificated staff selected to be terminated pursuant to this policy shall receive the initial notification of possible contract cancellation required by I.C. 20-28-7.5-2(a)(2) between May 1st and July 1st preceding the proposed cancellation of their contract with the Board.

Child Abuse Reporting

[I.C. 31-33-5-2](#) requires the school employee to immediately report suspected child abuse or neglect to the Department of Child Services (DCS) or to a local law enforcement agency, and then notify the principal or the principal's designee that a report has been made. To recap, the law requires the school employee to report suspected child abuse or neglect to DCS or to a local law enforcement agency before notifying their principal or the principal's designee that a report has been made. The law also states at [I.C. 31-33-5-5](#) that a school, "may not establish any policy that restricts or delays the duty of an employee or individual to report under this chapter." The DCS number to call to report suspected child abuse or neglect is 800-800-5556.

Prior to July 1, 2017, the Indian child abuse reporting law (I.C. 31-33-5) required that any school employee, "who has reason to believe that a child is a victim of child abuse or neglect," must make an immediate report to their principal or the principal's designee, and the principal or designee was then required to immediately report the allegation to the DCS or to a local law enforcement agency.
