

2018-2022 Strategic Planning **Focus Areas** and Goals

Efficient Operations and Fiscal Responsibility

Establish a process and procedures for program evaluation K-12

Highly Functional Facilities and Equipment

Renovate district wide facilities to meet the needs of students, staff, and the community

Safe, Orderly Caring Environment

Develop a community outreach program that provides wrap around services for students and their families

Highly Effective and Motivated Staff

Develop a competitive compensation model to attract and retain highly qualified, effective educators

Strong Parent/Family/ Community Involvement and Satisfaction

Standardize methods of communication throughout the school district to enhance parent involvement and access to information

Highest Student Achievement

Restructure grade level configuration to meet the academic, social, and emotional needs of students

Continue focus on SEL, mental health opportunities for students, college and career readiness preparation K-12 and data driven decision making

Develop a quality community preschool program to prepare our students for the rigor of college and career readiness

Develop a program and resource allocations for differentiated learners, such as special education, EL, high ability, and at risk students
